EXPERIENCES

- Software Developer and IT Officer**
Signarama Philippines

May 2025 – August 2026
Caloocan City

 - Developed **shop.signs.com.ph**, an online retail shop for Signarama Philippines.
 - Developed the **Signarama Assessment Site**, streamlining the HR candidate assessment process and eliminating the need to manually check across five separate sites per assessment.
 - Created a **SignAI** that generates leads and helps convert inquiries into customer quotations for signage.
 - Applied **Agentic Engineering** to the development process, helping transition the company’s existing **Business ERP** from an old system to a new web application.

SKILLS

- Programming Languages:** Visual Basic.NET, C#, Python, XAML, Javascript, HTML, CSS
- AI & Agentic Tools:** Claude Code, Codex, Agentic Engineering, Prompt Engineering, AI-Assisted Development, AI Automation
- Technical:** Basic Networking Concepts, Basic Hardware Knowledge, Operating Systems, Troubleshooting, Configuration and Maintenance, Basic Server Concepts
- Other:** UI/UX Designing, Manual Testing

PERSONAL PROJECTS

- BasePaint Assist**
Tools: *Vercel, Opencode*

AI-Powered Assistant
basepaint-assist.vercel.app

 - Built an AI assistant for BasePaint that handles common tasks such as checking contributions, streaks, mints, and canvas information.
 - Implemented AI tool routing that allows the assistant to perform supported actions instead of only providing text responses.
 - Added image-to-stroke functionality for converting images into BasePaint-compatible pixel strokes.
- BasePaint Plugin**
Tools: *Github Pages, Opencode*

Chrome Extension
mrkjyqnt.github.io/basepaint-plugin/

 - Built a Chrome extension adding tools to BasePaint including bucket fill, image upload, color picker, mirror drawing, and stroke export.
 - Won **Basepaint Hackathon 2026 “For Artists” Category**
- CSE Classroom**
Tools: *Vercel, Opencode*

AI-Powered CSE Reviewer
cse-classroom.vercel.app

 - Built a full-stack Civil Service Examination reviewer covering Professional and Sub-Professional subjects with lessons, quizzes, an 80-item timed exam, progress tracking, and certificates.
 - Implemented **lesson-aware AI responses**, allowing the tutor to provide explanations based on the student's current topic.

EDUCATION

- Datamex College Of Saint Adeline**
Bachelor of Science In Information Technology

Valenzuela City
2022 - 2025
- City Of Malabon University**
Bachelor of Science In Information Technology

Malabon City
2020 - 2021
- Arellano University – Jose Rizal Campus**
General Academic Strand (GAS)

Malabon City
2018 - 2020
